

ECCFA Coordinators' Meeting

Friday, January 16, 2009

1:00 PM - 2:00 PM

ICT 123

Please join the officers of the faculty association to discuss issues that affect coordinators as you do your contractual jobs for your departments/programs and the college. Some coordinator issues have come up over the last several years that we need to address. In addition, we have several new coordinators who need the opportunity to talk with each of you, their more experienced colleagues.

The ECCFA asks that you not schedule department/program activities during this hour time slot.

The other request we make of you is not to schedule your new faculty members for any department/program obligations earlier in the morning between 9:00 AM and 10:00 AM; that is when the ECCFA offers the New Faculty ECCFA Orientation meeting. We appreciate your cooperation with this matter!
